Opportunity to join
The Herefordshire
& Worcestershire
General Practice
Support Teams...**

Our Aim...

Are you an experienced GP, Practice Manager or Practice Nurse? Would you be interested in supporting your peers across Herefordshire and Worcestershire if they needed advice or help? If so, then we may have an opportunity for you to consider.

Our ambition is to have an STP wide Internal Resilience Programme which...

- Is responsive to the needs of practices and PCNs
- Empowers practices and PCNs to make operational and team changes that directly and indirectly address challenges they are facing in the short to medium term
- Uses local and professional expertise to ensure practices carry on functioning in times of crises

We are building teams with a wider skill-mix to include:

GPs / Practice Managers / Business Managers / ICT Managers / Practice Nurses / Practice Pharmacists / Dispensary Managers

Commitment required: This will be dependent on each practice and may be required at short notice. Support will be time limited.

Reimbursement: Backfill is available based on each practice's agreed need.

More information

In 2017 Worcestershire CCGs were awarded resilience money to set up the GPST, since then we have provided areas of support including, but not limited to;

- Peer support with access through the CCG's workforce programme to mentoring and coaching
- Identifying clinical areas for improvement
- Optimise the use of practice systems to enhance workload efficiencies
- Practice mergers/super-practices
- Workforce planning and workload
- Financial Payments and Claims
- Business skills/development
- Professional Development

We are now looking to expand this across Herefordshire and Worcestershire.

Interested?

If so, join us at our workshop...

If you are an existing member or interested in joining either of the General Practice Support Teams, please join us at our GPST workshop.

The afternoon's programme will be presented by local GPs and other members of the Worcestershire team.
